

## **REMARKS/ARGUMENTS**

### **1.) Examiner's Objection – Support for Amended Claims**

As stated in the Response dated, September 11, 2009, Applicant has amended the independent claims to recite that the network entity receives information over "another connection separate from the bit transfer session". Support for this amendment can be found at least at FIG. 6, element 15 of the present Application.

### CONCLUSION

In view of the foregoing remarks, the Applicant believes all of the claims currently pending in the Application to be in a condition for allowance. The Applicant, therefore, respectfully requests that the Examiner withdraw all rejections and issue a Notice of Allowance for all pending claims.

The Applicant requests a telephonic interview if the Examiner has any questions or requires any additional information that would further or expedite the prosecution of the Application.

Respectfully submitted,
